## SOLAR POTTING SHED

sales@theshedmakers.co.uk

Our solar potting shed is designed to save space and allow for more headroom and comes complete with a robust workbench, perfect for your potting needs. It is made using 16mm and 3 x 2 (60 x 40mm) framing, pressure treated tanalised wood, alongside 4mm toughened safety glass to ensure your sheds security.

Model E

Model D

12" Galvanised tee hinges, hasp & staple and 3" turn button as standard on all buildings

The solar potting shed comes complete with a robust work bench.

4mm Toughened Glass

Add an extra opening window - £110  
Or a fixed window for £75

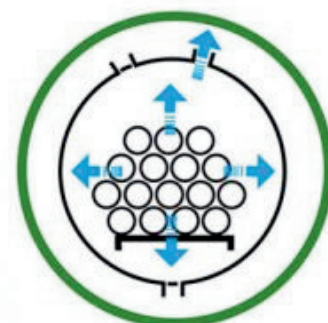

Bespoke design service available

8 x 5	£1,296
8 x 6	£1,386
10 x 5	£1,460
10 x 6	£1,639
10 x 7	£1,803
10 x 8	£1,917
12 x 8	£2,363

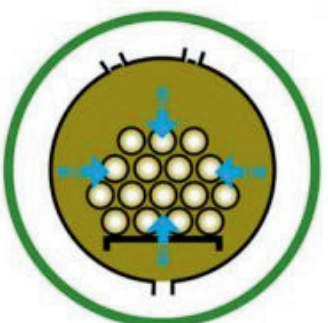

### HIGH PRESSURE TREATMENT PROCESS

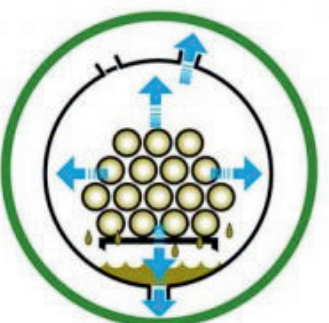

Timber loaded into treatment vessel. Initial vacuum applied and the timber cells are evacuated of air. Vacuum held.

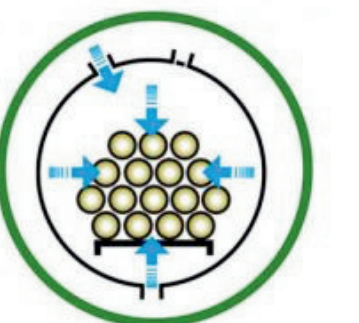

Cylinder flooded under vacuum with TANALITH wood preservative.

Hydraulic pressure applied, forcing the preservative deep into the structure of the timber.

Final vacuum extracts excess preservative solution, which is pumped back to storage.

Low pressure inside timber draws in surface solution when vented to atmosphere. Treated timber is left to dry.

All our prices include VAT and installation

Free local delivery (within 30 miles) and pressure treatment
